Digging into the scripture and knowing how to navigate the word is the responsibility of EVERY Christian!

Types of Bible Translations

(1) Word -for-word

(2) Thought-for-thought

(3) Paraphrase

NOTE: I usually read something in multiple translations when trying to get an understanding

Demo

- Google search “be ready to give an answer”
 - Use key words to search for a Bible scripture to determine
 - Is it in the Bible?
 - Where it is in the Bible?
 - The scripture location so you can dig deeper
 - Remember to:
 - Check the source for credibility, check their name, what other information is available in a google search, who are their associates, what are their scholarly credentials
- Historical Bible Teachers on YouTube: Bruce Gore, David Pawson
